Dohr Capital establishes Placement Agent DC Placement Advisors

Munich, 03. November 2008. Dohr Capital GmbH, an internationally active Corporate Finance-Boutique from Munich (Germany) has divested the business area Fund Placement into an independent legal entity. The 100 % subsidiary of Dohr Capital, DC Placement Advisors specialises in consultancy for the placement of alternative Investment Funds, especially in the area of Private Equity Funds, Fund of Funds as well as Infrastructure Funds.

Hans-Peter Dohr, Managing Director of Dohr Capital justified this step in the following statement: „Over the past four years we have accumulated a lot experience and have carried out many successful projects so that we decided to divest this business area into a separate company. DC Placement Advisors enables us to commit ourselves to the wishes of our first class customers in a better and more flexible manner. Additionally, the market for independent Placement Agents is not yet occupied and we see this as a market with potential for future expansion“. DC Placement Advisors aspires to achieve a top ranking as an independent Placement Agent in the German speaking market.

Nina Dohr-Pawlowitz, who has managed the business area Fund Placement within Dohr Capital since 2003, will be the Managing Director of DC Placement Advisors GmbH.
